About Eurasia Research

Founded in 2013, **Eurasia Research** is an independent academic and professional research organisation dedicated to promoting high-quality research, interdisciplinary dialogue, and global academic collaboration. Over the past decade, Eurasia Research has successfully

organised international conferences, workshops, and symposiums across **20+ countries**, bringing together thousands of young scholars, industry experts, policymakers, and practitioners from more than **80+ countries** around the world.

Our conferences serve as vibrant platforms for: -

- Knowledge exchange and scholarly networking
- International and interdisciplinary collaboration
- Publication opportunities in reputed journals and conference proceedings

---

About ACMBE 2026

ACMBE 2026 focuses on contemporary research and practices in **Applied Sciences, Management, Business, and Economics**. The conference aims to bridge academia and industry by fostering discussions on innovation, sustainability, digital transformation, and global economic challenges.

- **Expected Participation:** - 100–150+ papers and participants
- International delegates from Asia, Europe, USA, UK, the Middle East, and beyond
- Academicians, researchers, doctoral scholars, industry professionals, and policymakers

---

Why Sponsor ACMBE 2026?

Partnering with ACMBE 2026 offers your organisation a unique opportunity to: -

- Enhance brand visibility among an international academic and professional audience
- Engage directly with researchers, decision-makers, and institutional leaders
- Demonstrate support for global research and knowledge dissemination
- Build long-term collaborations with universities, journals, and research institutions

Sponsorship is not just visibility—it is about **meaningful engagement and lasting partnerships**.
